MUSE BRASSERIE BRINGS A TASTE OF FRANCE TO GLOUCESTER QUAYS

Peel Retail & Leisure has announced that Muse Brasserie, the French fusion restaurant making its mark on the South West, has opened at Gloucester Quays, signifying its city debut and reinforcing the outlet's quality F&B offer.

Muse Brasserie has opened in the 3,282 sq ft space adjacent to Nando's, Pizza Express, and Portivo Lounge. Serving 100 covers, the French fusion concept boasts a varied season menu, with a focus on consistently high quality ingredients. Its signature dish, exclusive to their Gloucester Quays location, is the Gloucester Old Spot pork chop served with apple & cider purée, hispi cabbage, and creamy mash, a hearty regional dish that reflects the character of the surrounding historic docks, with the brasserie's outdoor dining providing a pleasant outlook onto the waterfront.

Muse Brasserie's decision to open its third location at the outlet, following success in Cheltenham and Bristol, showcases Gloucester Quays' position as a leading South West destination, and strengthens the outlet's line-up of distinctive and dynamic dining concepts for visitors looking to extend their visit beyond traditional retail.

Paul Carter, Asset Director at Peel Retail & Leisure, commented: "Curating a varied and quality F&B line-up is a key element of our leasing strategy, as the strong dining options at Gloucester Quays enable an all-day experience for our guests. The opening of Muse Brasserie follows Banchina Italian's opening in March, and cements the destination's position as a leading crossover outlet destination, which continues to attract brand interest from established and emerging operators."

Limon Rahman, Founder of Muse Brasserie, added: "Opening at Gloucester Quays is a milestone moment for us, marking the third location for Muse Brasserie in the South West. The opening

comes in time for summer, when the outlet's unique waterside location will allow for al fresco dining, or the chance to be immersed in our French fusion heritage with stunningly curated interior design. We already feel at home at the Quays and look forward to a prosperous future at the South West's prime outlet destination."

This opening follows Gloucester Quays' announcement of the arrival of Mr Simms Sweet Shop and the debut of Brand Eyewear, in March. The unique eyewear concept combines discounted pricing structures with in-demand brands, including Ray-Ban, Oakley, Ralph Lauren and Giorgio Armani.

Notes to Editors

About Gloucester Quays

Gloucester Quays is a thriving 60-acre development located in the City of Gloucester next to the historic docks, museums and Gloucester Cathedral, all within easy reach of the Cotswolds.

About Peel Retail & Leisure - Realising Possibility

Peel Retail & Leisure is an ambitious regeneration business which owns and manages 12 million sq ft of property and 20,000 acres of land and water across the UK, with a total portfolio value of over £2.5 billion.

Established in 1972, it has generations of history, heritage and expertise and is responsible for some of the most transformational projects in the country including The Trafford Centre, Peel Waters' MediaCity and Peel NRE's Protos energy and resource hub in Cheshire.

Other Peel Waters regeneration sites include Liverpool Waters, Wirral Waters, Trafford Waters, Manchester Waters, Glasgow Waters and Chatham Waters with a development pipeline of around 30,000 homes, 10 million sq ft of commercial space and circa 160 acres of public realm over the next 20 to 25 years.

As part of The Peel Group, it strives to make a positive impact on people's lives and is a key partner in helping central and local Government tackle unemployment, reach net zero carbon targets, solve the housing crisis and level-up the country's regions to improve the prosperity, climate resilience and health and wellbeing of communities.

Peel Retail & Leisure has accelerated its action towards addressing climate change and biodiversity loss, and its five-year sustainability plan is aligned to the United Nations Sustainable Development Goals. It was also the first company in the UK to third party verify buildings as net zero carbon, as defined by the UK Green Building Council.

Peel's specialisms include large-scale mixed-use regeneration schemes, residential, retail, industrial and logistics, hospitality & leisure, and low carbon energy development.

We see possibility. We deliver transformation.
